These releases were distributed as the OPP continuously seeks community assistance in these cases in relation to identifying suspects and reporting suspicious activities.

CRIME & TRAFFIC & MARINE CAMPAIGNS / INITIATIVES:

Traffic / Marine Sergeant

- The Village of Grand Bend historically attracts thousands of visitors during summer long weekends,
- Labour Day Long weekend for Traffic and Marine from Friday the 4th of September until Monday the 7th of September 2015.
- The narrowing of Main St. has been a benefit to pedestrian traffic, slowing down motorist as they navigate towards the beach area. Strict enforcement along Oak

St. was necessary to maintain emergency access to the beach.

- An increase in calls for service, along with a large volume of pedestrian traffic requires enhanced police presence to maintain the safety of all. 2014 Labour Day Holiday there were approximately 468 calls for service. In 2013 there were approximately 387 calls for service. Based on previous statistics it is anticipated that the 2015 Labour Day will be equally as busy.
- All three vessels were utilized for patrol over the busy long weekend. There were no serious incidents on the water but several violations were issued for safety equipment and alcohol.

Street Crime

- Lambton Street Crime Unit investigated or assisted with the investigation of 10 new CDSA (drug) related occurrences.
- 8 people were charged with a total of 29 drug and criminal code related offences.
- One of these investigations required the authoring of two warrants under the CDSA. One for the cultivation of marihuana and the second for the charged person's cell phone in order to support drug trafficking charges.
- Members conducted follow up on an Utter Threats complaint and were able to determine the root of the complaint was based on several Break and Enters being conducted by four youths. Charges were laid and one youth was "Diverted". As a result of further investigation and several interviews the youths were identified as being responsible for 26 incidents (Break and Enters/Thefts). Lambton OPP Street Crimes Unit (SCU) was not able to charge the youths, but the incidents are now cleared.
- Members continue to proactively support the Crime Abatement Strategy by conducting compliance checks on identified offenders. Members conducted a total of 7 compliance checks resulting in two charges of Fail to Comply with Recognizance
- Lambton SCU members assisted with the investigation of a Domestic Related incident where a warrant for arrest was sought on a male person and a total of eight charges being laid.
- Lambton SCU continues to liaise with the Sarnia Police Service to bring a "Patch for Patch" Program to Lambton County and attended a meeting in support of this. The goal of this initiative would see Doctors and Pharmacists requiring patients to return unused/used patches before a prescription being refilled. This would deter people from selling their Fentanyl patches on the street or to "Dealers".

"DOORING" OF CYCLISTS OF OTHER VEHICLES

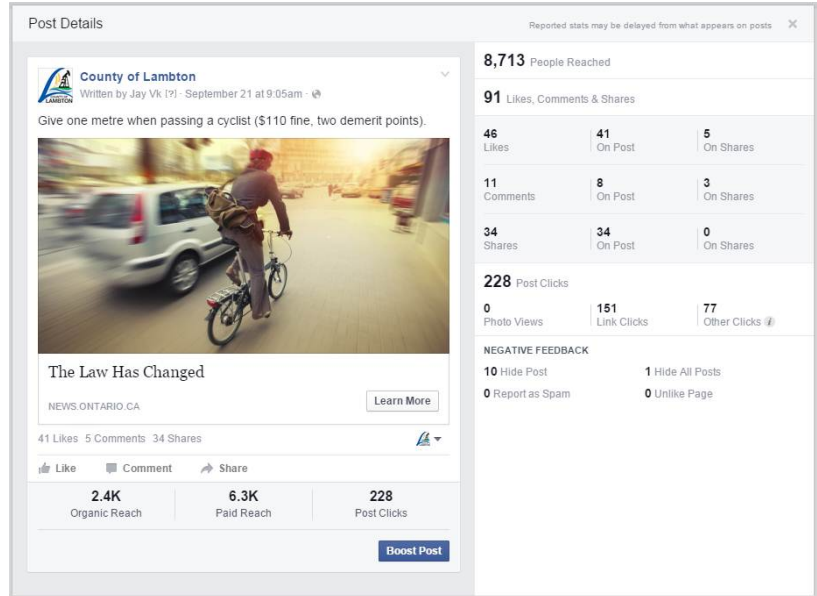

- Opening your door into the path of another vehicle or cyclist currently comes with a \$60 to \$500 fine. Under the changes, drivers caught after Tuesday will be given three demerit points and a \$365 fine. The OPP said that these laws will be enforced through traditional road patrol and reports from the public.

IMPROPER LIGHTING ON BICYCLE

- Failure to have proper lighting on a bike formerly came with a set fine of \$20. Those without bike lights will now face an increased fine of \$110.

PASSING CYCLISTS

- There is currently no rule in place requiring drivers to make space for cyclists on the roads. Now, drivers must leave at least one metre of distance between their vehicle and the bike when passing. If they fail to do this, they face a \$110 fine and will be given two demerit points. Failure to allow one metre of space when passing a cyclist in a community safety zone will result in demerit points and a \$180 fine.

THE SLOWDOWN, MOVE OVER LAW

- Requires drivers to reduce their speed and move into the next lane if there is an emergency vehicle stopped on the side of the road with its lights flashing. Now, drivers must also move over for tow trucks stopped with their amber lights turned on. Failing to do this will result in a \$490 fine.
